# Regional Advisory & Industry Skills Panel

POWERED BY

California  
Community  
Colleges

**\*\* This regional project is funded by the IEDRC Strong Workforce Program \*\***

## Advanced Transportation & Logistics October 30, 2020

Please join us for invigorating conversations bringing together education and industry professionals to discover the latest Transportation & Logistics trends, industry demands, training practices, and employment skills needed.

**- GOALS -**

To design career education curricula and programs responsive to industry needs, to prepare a highly-skilled workforce, and to strengthen industry/educator collaboration throughout the Inland Empire.

**- EDUCATORS -**

Hear first-hand from Industry partners the skills needed to be implemented into curricula for future employment and career success.

**- INDUSTRY -**

Your partnership is critical in building a Strong Workforce, please join us!

**- TIME -**

**10:00am - 12:00pm**

**- REGISTER -**
