Listed above are 13 incredible career academies in San Bernardino and Riverside County, designated to establish the Healthcare Education pipeline from K-12 public schools to community colleges and high wage careers for under prepared and under employed young adults. The Academies aim to increase foundational skills in reading, writing, and mathematics while enrolling students in career technical training programs. Each Academy has created one or more unique training pathways based on existing CTE programs within their service area. The purpose of this matrix is to provide information so that collectively, Healthcare Educators in the Inland Empire region can institutionalize successful pathways, and build a regional alliances with WIBs, industry, economic development agencies, and local communities to support the broader academy structure beyond the end of grant funding.
